A LITTLE BIT ABOUT CRAFT BEER

BEER ON TAP

four beers available served in schooners and pints.

please ask your waiter what rotating tap beers we have today.

we love to support our local, independently owned craft breweries located in south east queensland and northern new south wales.

by buying locally made craft beer, not only is it great for your fellow australian business owner, but it is the most fresh, tasty and sustainable way to consume beer while having less of an impact on the environment.

we welcome you to come up to the bar and ask our team more about each of the beers on tap and the breweries who make them. while you are there, we'll happily offer you a taste before you decide on a schooner or pint.

BEER + NOT BEER
